Preface and acknowledgements xi
List of contributors xiii
List of acronyms and abbreviations xvii

1 Introduction 1
T. Mayes, Unilever Research, Sharnbrook and S. Mortimore, Pilsbury Europe, Uxbridge
1.1 The development of HACCP 1
1.2 HACCP in practice 2
1.3 Key themes 3
1.4 References 8

Part I Small and medium-sized enterprises (SMEs), retailers and HACCP systems 11

2 HACCP and SMEs: problems and opportunities 13
E. Taylor, The University of Salford
2.1 HACCP and SMEs 13
2.2 Setting up the HACCP system 16
2.3 Operating the HACCP system 23
2.4 Conclusions 29
2.5 References 30

3 HACCP and SMEs: a case study 32
N. Route, formerly Food and Spice Group, Tunbridge Wells
3.1 Why bother with HACCP? 32
3.2 The company 33

3.3 Scope and resources 34
3.4 HACCP planning and implementation 36
3.5 HACCP and supplier operations 38
3.6 Keeping up to date with HACCP 40
3.7 Summary 41

4 Supplier HACCP systems: a reetailer's perspective 43
M. Kane, Food Control Limited, Cambridge (formerly Head of Product Safety, Sainsbury's Supermarkets Limited)
4.1 Introduction 43
4.2 Retailers and the development of supplier HACCP systems . 43
4.3 Assessing the effectiveness of supplier HACCP systems 45
4.4 Gauging the success of HACCP systems: customer complaint data analysis 47
4.5 Common weaknesses in HACCP systems 48
4.6 The future development of HACCP 52
4.7 Conclusions 56

Part II Larger manufacturers and HACCP systems 59

5 HACCP implementation in the United States 61
T. R. McAloon, Cargill Inc., Minneapolis
5.1 Introduction 61
5.2 Setting up the HACCP system 63
5.3 Implementation challenges and solutions 69
5.4 Surprises in HACCP implementation 72
5.5 Operating the HACCP system 73
5.6 HACCP management challenges and solutions 75
5.7 The benefits of a HACCP system 77
5.8 The future evolution of HACCP systems 78
5.9 Conclusion 78

6 HACCP implementation: the Indian experience 81
B. Marthi, Hindustan Lever Limited, Mumbai
6.1 Introduction 81
6.2 The food industry in India 81
6.3 Food safety in India 82
6.4 The development of HACCP systems in India 84
6.5 HACCP implementation: the Unilever approach in India 85
6.6 HACCP implementation in practice: the marine products model 86
6.7 Maintaining HACCP systems 91
6.8 The benefits of HACCP implentation 91
6.9 Difficulties in HACCP implementation 93
6.10 The future of HACCP implementation in India 94
6.11 Bibliography 96

7 Implementing HACCP systems in Europe: Kerry Ingredients 98
D. Rudge, Kerry Ingredients, Bristol
7.1 Introduction 98
7.2 HACCP and business strategy 99
7.3 How big is the job? 100
7.4 Prioritisation in the project plan 101
7.5 The Polish experience 103
7.6 Expansion of the Polish operation 108
7.7 Kerry Ingredients, Portbury, UK 110
7.8 The benefit of hindsight 115
7.9 References 118

8 Implementing HACCP systems in Europe: Heinz 119
D. Killen, H. J. Heinz, Wigan
8.1 Introduction 119
8.2 The manufacturing background 120
8.3 The main hazards 120
8.4 Introducing the HACCP programme at Kitt Green 122
8.5 Scope, approach and timing 123
8.6 Setting up the managing HACCP teams 124
8.7 Prerequisites 127
8.8 Hazards and CCPs 129
8.9 Implementation and verification 129
8.10 Keeping up to date 131
8.11 Benefits and drawbacks of HACCP implementation 133
8.12 References 135

Part III Regulation and training 137

9 HACCP enforcement in New Zealand 139
J. A. Lee, Food Assurance Authority, Ministry of Agriculture and Forestry, Wellington
9.1 Introduction 139
9.2 Developing HACCP assessment 143
9.3 Assessment of the HACCP system 149
9.4 Conclusion 160
9.5 References 163

10 Enforcing safety and quality: Canada 165
V. McEachern, A. Bungay, S. Bray Ippolito and S. Lee-Spiegelberg, Canadian Food Inspection Agency, Nepean
10.1 Introduction 165
10.2 The background to food safety inspection in Canada 166
10.3 Enforcement: from product to systems inspection 166

10.4 HACCP as an indusrty control system 168
10.5 Government food safety programs 169
10.6 Regulatory verification versus audit 170
10.7 Regulatory verification of company food safety systems 172
10.8 Common barriers to regulatory verification 177
10.9 Future trends: the Integrated Inspection System 179
10.10 Summary 182

11 HACCP implementation in the Thai fisheries industry 183
S. Suwanrangsi, Department of Fisheries, Bangkok
11.1 Introduction 183
11.2 The international fish trade 183
11.3 The fisheries industry in Thailand 184
11.4 The Fish Inspection and Quality Control Division 185
11.5 The need for HACCP in the fisheries industry 186
11.6 Hazards associated with fishery products 187
11.7 Key issues in HACCP implementation 187
11.8 Preparing for HACCP implementation 189
11.9 Designing the HACCP system 193
11.10 Implementation issues 196
11.11 Measuring success: the benefits of HACCP implementation . 199
11.12 Conclusions: the future of HACCP 199
11.13 References 200

12 Implementation and enforcement in the United Kingdom 202
J. Barnes, Food Standards Agency, London
12.1 Background 202
12.2 UK legal requirements for HACCP 203
12.3 The regulatory authorities 203
12.4 Take-up of HACCP by the UK food industry 204
12.5 HACCP and enforcement 206
12.6 Common problems with HACCP systems 209
12.7 Future HACCP arrangements 210
12.8 A personal perspective 211
12.9 References 212

13 Effective HACCP training 213
C. Wallace, Reading Scientific Services Limited, Reading
13.1 Introduction 213
13.2 Training needs analysis 214
13.3 Training and effective learning styles 217
13.4 Appointing HACCP trainers 219
13.5 Training and senior management 221
13.6 Training the HACCP team and team leader 223
13.7 Training CCP monitors and others 226

13.8 Special issues in training 227
13.9 Summary 229
13.10 References 230

Part IV Conclusion 233

14 Conclusions 235
S. Mortimore, Pillsbury Europe, Uxbridge and T. Mayes, Unilever Research, Sharnbrook
14.1 Introduction 235
14.2 Learning 1: drivers for HACCP 237
14.3 Learning: 2 people 240
14.4 Learning 3: preparation for HACCP 247
14.5 Learning 4: HACCP plan development and implementation . 253
14.6 Learning 5: HACCP maintenance activities 258
14.7 Where next for businesses with HACCP systems? 261
14.8 Summary 262
14.9 References 264

15 The future of HACCP 265
T. Mayes, Unilever Research, Sharnbrook and S. Mortimore, Pillsbury Europe, Uxbridge
15.1 Globalisation and harmonisation of trade 266
15.2 Changing role of governments and regulatory bodies 268
15.3 The role of HACCP in new science/food safety initiatives ... 270
15.4 Application of HACCP further along the supply chain 272
15.5 The continued development of HACCP 273
15.6 Summary 275
15.7 References 276

Index 278
