1
Introduction

2
Pressure Measurement

3
Level Measurement

4
Temperature Measurement

5
Flow Measurement

6
Control Values

7
Process Considerations

8
Integration of the System

Appendix A
Thermocouple Tables

Appendix B
RTD Tables

Appendix C
Extract from
Supplier Specifications

Appendix D
Chemical Resistance Chart

Appendix E
Practical Sessions

Appendix F
Introduction to the IDC Brewery

Appendix G
Level Application

Appendix H
Level Selection Flow Diagram

Appendix I
Temperature Application

Appendix J
Temperature Flow Diagram

Appendix
Tips and Tricks
